

WHY JOIN THE AIRLINE CATERING ASSOCIATION?

BE PART OF THE INDUSTRY'S LEADING NETWORK

ACA is the world's premier network of organisations and individuals who shape the airline catering industry, driving positive change from within. Airline caterers are a key stakeholder in the aviation industry, and together we have the expertise to create positive change in areas such as food safety, security and the adoption of environmentally friendly solutions. Together we are strong enough to tackle our industry's biggest challenges.

WINNING A SEAT AT THE TABLE

The volume and burden of legislation governing the food and aviation sectors is increasing steadily. ACA ensures that its members aren't passive rule-takers but are actively involved in the shaping of new rules and regulations that are relevant for the in-flight catering industry. By joining ACA, you can make sure that your voice is heard when the future of our industry is discussed.

BUILDING OUR REPUTATION

ACA is determined to advance the collective interests of its members and build the reputation of the airline catering industry. With an increasing awareness of the industry's contribution to flying and the wider economy, it is crucial for airline caterers to come together to influence and share that story – in person, through the media, social media or at industry events.

WE ARE THE VOICE OF THE INFLIGHT CATERING INDUSTRY

Inflight catering is a fascinating industry. Prepared on the ground and served in the clouds, we serve meals that defy gravity, overcoming the most complex gastronomic and logistical challenges. And we are engaged in a race to the top, aiming to serve better and tastier food, while maintaining high safety and security standards.
